Serger Tote Supply List

Date: _____ Time: _____

- Two coordinating fabrics – cut before class:
 - Cut two 17” squares for main outer bag
 - Cut one 17” square for contrasting outer band
 - Cut one 3 ¾” wide x 45” wide strip for handles (same color as outer band)
- Interfacing – approx. 1 ¼ yard of 45” wide medium weight fusible interfacing. Fuse to the outer bag, contrast band and the handle pieces before class.
- ½ yard of 45” wide lining fabric – cut two pieces 17” x 15”
- Serger and accessories
- 4 cones all purpose serger thread to match to fabrics
- 1 spool decorative thread to create decorative band (Sulky Blendables 12 weight)
- 2 spools all purpose thread to match decorative thread
- 1 spool and 1 bobbin of all purpose sewing thread to match outer band and handle fabric
- Scissors
- Fabric marker
- Straight pins

Before you come to class, cut the pieces accurately and fuse the interfacing to the main outer bag, outer band, and the handles. We do sell fabric and will make up project kits for you. Come in & choose the fabric you would like to use and then we will have it ready for the class.

Techniques learned: flatlock decorative stitch, flat & fast serger construction with 4 thread stitch, making our own handles

Leave with a fun tote for shopping, picnics, or the library.
